

TEAM MEMBER RECOGNITION

2022 marks the anniversary of Matrix Tool, Inc.'s 50th year in business. Founded in 1972, Matrix is a full-service Thermoplastic Injection Mold Building and Molding company serving the high precision Automotive, Computer, Electronics, Metal Injection Mold (MIM), and Pharmaceutical/Medical Industries. As part of the year-long acknowledgement of our amazing journey, we have planned a variety of activities and celebrations. Our inaugural activity, *50K for 50 Years*, kicked off back in September 2021. For the 50 weeks leading up to our "50th birthday", we are giving away \$1,000 per week to an active-Matrix employee via a lottery system. Drawings are held on Fridays and are coordinated by the Administrative Staff.

50K for 50 Years was created and implemented to highlight, celebrate, and reward Matrix Tool, Inc.'s most fundamental asset, our team members. Without the dedication and commitment from our hardworking team, we would not be able to meet customer requirements and celebrate this historic milestone!
