

## 50k for 50 Years Celebration

On September 22, 2022, Matrix Tool, Inc. officially celebrated its 50<sup>th</sup> year in business! Matrix was founded in 1972 by Dave Lewis, SR. and his partner Robert Schuster, in a two-car garage with a primary focus on mold repair and construction of mold components. Since then, Matrix Tool has evolved into a premier full-service supplier of injection molding products and services all housed under one roof in Fairview, PA.

Since the founding, Matrix Tool, Inc.'s team members have always been a differentiator. During a recent interview, founder and former company president, Dave Lewis, SR, attributes Matrix's excellent quality and success directly to the team members saying "It did not take me long to realize, that everyone who worked for the company was our greatest asset." To honor our hardworking, dedicated, and selfless team members we kicked off our 50<sup>th</sup> anniversary activities and celebrations back in September 2021. For the past 50 weeks, we have given away \$1,000 per week to an active-Matrix employee via a bi-weekly, attendance-based, lottery system. We wanted to say thank you again to all our team members, both past and present. You have been the cornerstone of our business for the past 50 years!

## RESULTS

Winners by Division: Plastics: 37 Tooling: 9 Admin: 4
