

## Thanksgiving 2024: EVES

As the Thanksgiving holiday approaches, our team at Matrix is proud to give back to our friends at Elk Valley Elementary School (EVES). We provided meal bags with Thanksgiving dinner staples, along with a gift card to help cover the cost of a turkey or another main dish of their choice. The generosity of our team members made this donation possible, and it serves as a reminder of what makes the holiday season so special: the spirit of giving. We are thankful for our partnership with EVES and grateful for the opportunity to help support the incredible community, families, and students it serves in whatever ways we can.
